Sheet No 21

10 Years Programme.

for repairing Minor Irrigation Tanks and their feed channels in Dharwar District.

Number of Tanks 3000
with their feed channels.

for carrying out surveys, preparing projects and completing repairs of the above tanks in ten years, it is necessary to have one Division for irrigation which will consist of 2 Irrigation Project Sub-Divisions and 4 construction Sub-Divisions.

Each project Sub-Division will have 3000/2=1500 tank for surveying and preparing projects for ten years. So far each year the number of tanks to be tackled will be 150 Nos.

Each Surveyor can survey and prepare projects for about 15 tanks in a year therefore the No. of Surveyors for ~~ix~~ each project Sub-Division comes 150/15= 10 Nos. of which 2 can be senior overseers.

Each construction sub-division will have 3000/4= 750 for execution for ten years. So far each year the No. of tanks to be tackled will be 750/10=75.

One overseer can look after say about 25 tanks. So the establishment required for the (2) Irrigation Projects Sub-Division and 4 Construction Sub-Division and for one Division is given in the statement "A" attached.

There are about 245 wells in Kalghagi Bankapur and Hangal Talukas of the District to be tackled. So the wells will also be tackled in addition to tank works.

Executive Engineer, D.Dn.

E.F.M.17/2.

Tanks and wells amongsts the proposed division for Irrigation/V.W.S. Sub-Divisions.

G.F.M. 17/2.

Executive Engineer, D.D

EXPRESS LETTER.

From

The Superintending Engineer,
Southern Circle, Belgaum.

To

The Secretary to Government,
Public Works Department
B O M B A Y.

No. G-108. Public Works Department,
Belgaum: 22nd May 1949.

Subject: Minor Irrigation Works:
Retransfer of - to the
Public Works Department.

Reference: G.R.(Agriculture & Rural Development Deptt.) No.1314, dated 5-11-1948.

According to the orders contained in the above G.R. the Public Works Department has to carry out from 1-4-49 the work of maintenance and repairs to minor Irrigation Works and such of the Minor Irrigation Works which had been transferred to the Director of Agricultural Enginee -ing are now being retransferred to the Public Works Department.

File no 8662/36 I
f 125

2. Government in the Agriculture & Rural Development Department letter No.2939/39147-F, dated 1-3-1949 have called for proposals for the revival of the Dharwar Irrigation Division.

3. Since the Dharwar Public Works Department Division as at present constituted consists of 8 Sub Divisions and as one more Sub Division is proposed to be opened at Laxmeshwar on account of merging of states area, vide this office endorsement No. G-108 dated 1-3-49 the revival of Dharwar Irrigation Division exclusively for Irrigation Minor Irrigation Works and Village Water Supply works by suitably redistributing the existing Sub-Divisional charges, is absolutely necessary. I propose to split up the existing Dharwar Division into two Divisions as under

Submitted
herewith

1. Dharwar Roads & Buildings Division with Head Quarters at Dharwar with the following Sub Divns:-

Already existing:
1. Dharwar (R & B) Sub Dn. at Dharwar (Permanent)
2. Dharwar Special Building Sub Divn. at Dharwar (Temporary)
3. Special road Projects Sub Divn., at Dharwar (Temporary)
4. Hubli Sub Division at Hubli (Permanent)
5. Haveri (R & B) Sub Division at Haveri (Permane

Proposed already:
6. Laxmeshwar Sub Division at Laxmeshwar(Temporar (Proposed to be located at Gadag instead of at Laxmeshwar.)

2. Dharwar Irrigation Division with Head Quarters at Dharwar with the following Sub Divisions:

Already existing:
1. Havasbhavi Irrigation Sub Division at Havasbhavi (Permanent)
2. Hangal Irrigation Sub Division at Hangal (Temporary)
3. Kalghatgi Village Water Supply Sub Division at Kalghatgi (Temporary) (Head Quarters to be shifted to Shiggaon)

Proposed now to be opened:
4. Dharwar Irrigation Sub Division (for Minor Irrigation Works in Hubli & Dharwar Talukas)
5. Irrigation Project Sub Division at Dharwar (Temporary) proposed now to be newly opened for preparing Minor Irrigation Projects for M.I.Works in the Dharwar & Kanara Divisions.

The Minor Irrigation Works in Sirsi, Mundgod & Haliyal Talukas of the Kanara Division are also proposed to be entrusted to the Executive Engineer, Dharwar Irrigation Division later on.

The above proposals will entirely relieve the Executive Engineer Dharwar (R & B) Division of all the Irrigation, Minor Irrigation & Village Water Supply Works in the Dharwar Division, and will facilitate efficient management of all the Roads, Buildings, Irrigation & Village Water Supply Works. The Minor Irrigation Works will require special attention if works are to be carried out according to programme for grow more food campaign.

4. The above proposals, however, result in overlapping jurisdictions since the Executive Engineer Dharwar and the Executive Engineer Minor Irrigation Division have to traver the same area for inspection of works etc., in the Dharwar Division, but this aspect of the question is not considered important if concentration and co-ordination of works in the two Divisions are considered which can best be served under the control of one Executive Engineer as was the ca in the past before the closure of the late Irrigation Division Dharwar. Besides in these days of " grow-more--food-campaign" additional Minor Irrigation Schemes are likely to crop up and they would be better tackled by keeping them under the control of one Executive Engineer, specially dealing with such works, as the Collector also will have to deal with one Executive Engineer. ..

5. If, however, Government think that there need not be any water-tight Division for Minor Irrigation Schemes and want to avoid overlapping of jurisdictions, then I propose the following arrangements to split up the Dharwar Division into two Divisions.

1. Dharwar North Division to consist of ...

Already existing:
1. Dharwar (R & B) Sub Division
2. Dharwar Special Building Construction Sub Dn.
3. Special Road Projects Sub Division
4. Hubli Sub Division.

Proposed

Proposed (5. Laxmeshwar Sub Division,
((With head quarters at Gadag instead of
(Laxmeshwar), vide this office No.G-108
dated 1-3-49.)

2. Dharwar South Division - to consist of

(1. Haveri (B & R) Sub Division.
(
(2. Havasbhavi Irrigation Sub Division.
Already (
(3. Hangal Irrigation Sub Division
existing (
(4. Kalghatgi V.W.S. Sub Division
((Head Quarters to be moved to Shiggaon)
(

To be (5. Dharwar Irrigation Sub Division
newly ((for Hubli & Dharwar Talukas)
opened. (
(6. Dharwar Irrigation Projects Sub Division
at Dharwar.

The Dharwar North Division will be predominently roads and buildings Division and the Dharwar South Division will be predominently Irrigation Division.

6. The following information is submitted herewith :-

(i) Statement showing extent of Sub Divisional charges f each of the existing Sub Divisions in the Dharwar ivision and plan (wide sheets 1, 2-22 attached)

(ii) Extent of Sub-Divisional charges proposed after regrouping as per para 5 above. with plan (Sheets 3-10 & 23)

iii) Ten years programme of Minor Irrigation (sheets 20 and 20(a))

(iv) Five years programme of both Minor Irrigation and Village Water Supply Works (Sheets 9-10)

(v) Maps showing the Sub Divisions as at present existing and according to the proposed regrouping (Sheets 22-23

7. Statements as under of extra staff etc., needed are enclosed herewith after taking into consideration the existing staff in the Dharwar P.W.D. Division :-

(i) Existing establishment in Dharwar P.W.D. Division (Sheets 12-14)

(ii) Establishment required for the North Division (Sheets 15-17)

(iii) Establishment required for South Division (Sheets 18-20)

8 Very early orders of Government are requested. In the meantime the Executive Engineer, Dharwar P.W.D. Division is being asked to make all preliminaries to open the

Dharwar .....

Dharwar Irrigation Division as soon as Government orc
are received.

Accompts:

As above.

Superintending Engineer, S.

GDT.

P.W.D.

E.B.(I).

On account of the transfer of the Minor Irrgn. Works from the A.& R.D.D.to this Deptt. and as the Dharwar Dn. (with nine Sub-Dns.) is a heavy charge, the S.E., S.C., has submitted the following proposals for the efficient and proper management of the works in the Dharwar Dn.

(a) Creation of two Sub-Dns. Viz. (i) Dharwar Irrgn. Sub-Dn. and (ii) Special Irrgn. projects Sub-Dn. at Dharwar with the estabt. as detailed at 'B'.& 'C' in Col 4 on pages 41-43 ante. (Creation of a new Sub-Dn. at Laxmeshwar for the management of the merged state's works allotted to the Dharwar Dn. is being sanctioned separately).

(b) Reopening of the Dharwar Irrgn. Dn. with head-quarters at Dharwar, the existing Dharwar Dn. being called as Dharwar Roads and Buildings Dn., and the distribution of Sub-Dns. charges as under ---

Dharwar R.& B. Dn. (Dharwar).

(i) Dharwar R.& B. Sub-Dn. (Dharwar).
(ii) Spl. Building. Construction Sub-Dn.(Dharwar)
(iii) Spl. Road Projects Sub-Dn. (Dharwar)
(iv) Hubli Sub-Dn. (Hubli)
(v) Haveri (R.& B.) Sub-Dn. (Haveri)
(vi) Laxmeshwar Sub-Dn. (Laxmeshwar)

Dharwar Irrgn. Dn. (Dharwar).

(i) Havasbhavi Irrgn. Sub-Dn.(Havasbhavi)
(ii).Hangal Irrgn. Sub-Dn.(Hangal).
(iii) Kalghtagi V.W.S. Sub-Dn. (Kalghatagi
(iv) Dharwar Irrgn. Sub-Dn. (Dharwar
(v) Irrgn. Projects Sub-Dn. (Dharwar

OR

(2) Splitting up of the Dharwar Dn. into two Dn., Viz., Dharwar North Dn. and Dharwar South Dn., and the distribution of the Sub-Dns. as under --

Dharwar.....

Dharwar North Dn.

(i) Dharwar R.& B. Sub-Dn-(Dharwar).

(ii) Spl, Building construction Sub-Dn. (Dharwar).

(III) Spl. Road Projects Sub-Dn.(Dharwar)

(iv) Hubli Sub-Dn.(Hubli).

(v) Laxmeshwar Sub-Dn.(Laxmeshwar)

Dharwar South Dn.

(i) Haveri (R.& B.) Sub-Dn. (Haveri).

(ii) Havasbhavi Irrgn.Sub-Dn.(Havasbhavi),

(iii) Hangal Irrgn. Sub-Dn.(Hangal).

(iv) Kalghtagi V.W.S. Sub-Dn.(Kalaghtagi).

(v) Dharwar Irrgn.Sub-Dn. (Dharwar).

(vi) Irrgn. Projects Sub-Dn. (Dharwar).

The estabt. proposed for the new Dn.office is as detailed at 'A' in col. 4 on page 39 ante

2. It may be stated that the main difficulty in giving effect to the S.E's proposals is the shortage of the techinical staff. A seperate reference has been made to the A.& R.D.D.(U.O.R. No.925/48, dated the 8-6-49)enquiring of them as to what technical staff. out of that lent to that Deptt. by this Deptt.would be returned by that Deptt. after meeting the requirements of the civil part of the Lift Irrgn. Schemes. It is for consideration whether the proposals made by the S.E., S.C. may be held over till the receipt of this information or whether the proposals may be proceeded with.Subject to the orders on there proposals the following remarks are offerred on the S.E's proposals.

3. Proposal at (a) above :- The S.E. has not given sufficient justification for the creation of these two Sub-Dns. It is accordingly for consideration whether the proposal may be accepted or whether the S.E. may be asked to give detailed justification in support of the proposal.

The S E may be requested to give detailed justification in support of the proposal by 16

4. Proposal (b)above:- It may be stated that the S.E. in his endt. No. G.108, dated the 17-4-48, submitted a imilar proposal for the splitting up of the Dharwar Dn. nto two Dns but the proposal was not accepted for want f detailed justification Vide G.L.No.9399/36-(I), dated the .....

dated the 26-6-48, and the notes underlying it. This time, however, due to the transfer of Minor Irrgn. Works; it seems, it is necy. either to reopen the Dharwar Irrgn. Dn. or to split up the Dharwar Dn. into two Dn. as proposed by the S.E. The proposal at (I) involves overlapping of jurisdictions of the two Ex.Engrs. but it will lead to concentration of works of allied nature and facilitate more efficient execution and management of works. The second proposal has got only one advantage, Viz. it does not involve overlapping of jurisdictions, It is accordingly for consideration which of the two alternatives may be accepted.

D.3393/26 -4 of 1/8

Proposal (I) being preferable, may be accepted, in my opinion. KJ 21/6/49

~~As regards the estabt. for the new Dn. office the post of Dy. Engr. to the Ex. Engr. need not perhaps be sanctioned at this stage. The post of P.A. sanctioned for the existing Dharwar Dn. office may also be abolished of jurisdictions. It is accordingly for consideration which of the two alternatives may be accepted.~~

As per Para 3 of S.E.

Out of the estabt. proposed by the S.E. for the new Dn. office a post of P.A. (Dy.Engr.) to the Ex.Engr. may not perhaps be sanctioned at this stage as such posts are usually sanctioned for heavy Dns. only and the new Dn. is not likely to be heavy for the present at least. Similarly the post of P.A. sanctioned for the existing Dharwar Dn. office may also, if approved, be abolished.

I agree KJ 21/6/49

5. The Division, Sub-Dns. and the estabt. may, if approved, be sanctioned for a period up to the 28-2-51, in the first instance, in U.O. consultation with the F.D.

Through E.B.(II), I.B.(I), I.B.(II). A.B.(II) and Dy.Engr.(Irrgn.).

fdl 15/6/49

6. The estbt. proposed for the non-gazetted office of the E.E. Dharwar Dn. (South) is in excess of the sanctioned Divl unit in following respects:-

(1) One Tracer
(2) One Sr. Accounts clerk
(3) One clerk in the grade of Rs 92-

14-6-49 Rec'd 14/6/49 3. SSS-11/6/49. Rec'd 15/6/49

14/6/49 A on p 39

(4) One clerk in the grade of Rs 46-105.

(5). One peon.

If it is finally decided to approve the SE's main proposal to ~~split~~ split up the existing Dharwar Dn., the Divl estbt. will be limited to the sanctioned unit.

yes I agree Hy/6

E 'C' on p. 43

7. The estbt proposed for the Spl. Irrigation Project Sub. Dn., Dharwar, is also made in excess of the normal Sub-Divl. estbt. in respect of the following items:—

(1) One Overseer
(2) Sixteen Surveyors
(3) One clerk
(4) One peon
(5) Four Khalasis
(6) Two Trams
(7) One Computer.

It is true that in view of the Spl. nature of the Sub-Dn. the necessity for a few surveyors may be accepted but sixteen surveyors appears in excess unless their necessity is substantiated. Similarly the SE will be asked to establish the necessity for the addl. estbt. mentioned above

This may be done. Hy 21/6/49

8 The scales in all the cases for non-gazetted posts will be sanctioned scale

~~8 Q 2~~
13-6-49

AB(III). 9. The proposals under consideration involve sanctioning new estabt. as detailed in portions marked 'A', 'B' and 'C' on pp. 39-43 ante, for one Dvl. and two Sub-Dvl. offices. The extra cost involved is approximately Rs. 1 Lo per annum on the basis of the proposals made

made by the S.E., S.C. of the estabt. as proposed by him is reduced as proposed in the above paras of the O.N., the cost× will be proportionately reduced. The cost is worked out on the average basis which is exclusive of allowances, and of a recurring nature. Ordinarily, the proposals involving a recurrent cost of Rs. 5,000 and above are put up as New Items of Expdre. for the next financial year's budget in order to obtain the approval of the L.A. If, however, the proposal under consideration is considered to be of urgent nature, the estabt. can be sanctioned during the course of the current year with the concurrence of the Finance Deptt. In that case, the L.A's approval will have to be anticipated. The necessary supplementary grant may be obtained in due course through the F.D.

× Rs. 1,40,000 per annum.

10. The cost of the proposed estabt. may be debited to the head "50-C.W.-Prvl.-Grdy."

Bombe
15.6.48

Margins.

It is needless to stress the urgency and necessity of opening of the Dharwar Irrigation Division if the object of putting to large number of minor irrigation works in the has to be achieved with

The least possible delay. In fact, there is a necessity of opening two more Divisions one at Belgaum and the other at Ahmedabad for similar purpose. Consideration of these Divisions was kept pending dependent upon the staffs which would come back from the A+R.D.D. It is however now clear, that only one Sp. Engineer is proposed to be secured to the P.W.D. by the Director of Irrigation.

The problem of appointing technical staffs for the new Divisions has thus become very serious. All the same, a beginning should be made by at least reviving the old Dharwar Irrigation Division for the present.

Before however considering the proposal further, the S.E/S.C may be requested to supply more details as suggested in the O.N.

HJ 21/6/49

The two minor irrigation Divisions, proposed to deal with all Second class irrigation works, will have to be opened at once one at Belgaum & one at Dharwar. The Agrl Engineer has stated that he will not be able to spare any Es from his jurisdiction

Letter.

No.444/48-E(I). Public Works Department,
Bombay Castle, 24th June 1949.

To

The Superintending Engr., Southern Circle.

Subject:- Re-opening of the
Dharwar Irrign. Dn.

Reference: Your letter No.G-108, dated the 22nd May 1949.

2. Please furnish full details in justification of the creation of two new Sub-Dns., viz., the Dharwar Irrign. Sub-Dn. and the Spl. Irrign. Projects Sub-Dn., proposed by you.

3. The estabt. proposed by you for the new Dnl. office and the Spl. Irrign. Projects Sub-Dn. is in excess to the extent shown below, of the estabt. normally sanctioned for such offices: -

Dnl. Office.	Spl. Irrign. Projects Sub-Dn.
(i) One Tracer.	(i) One Overseer.
(ii) One Sr. Accounts Clerk.	(ii) Sixteen Surveyors.
(iii) One clerk in the grade of Rs.92-8-140.	(iii) One clerk in the grade of Rs.46-3-85-E.B.-4-105.
(iv) One clerk in the grade of Rs.46-3-85-E.B.-4-105.	(iv) Two Tracers.
(v) One Peon.	(v) One Computor. X
	(vi) One Peon. X
	(vii) Five Khalasis. 3

You are also requested to explain in details the necessity for this addl. estabt.

By order etc.,

EXPRESS LETTER.

No. G-108.

Public Works Department
Belgaum: 13/14 J u l y 194[illegible]

From

The Superintending Engineer,
Southern Circle.

To

The Secretary to Government,
Public Works Department,
B O M B A Y.

Subject: Reopening of the Dharwar Irrigation Division.

Reference: G.L. No. 444/48-E(1) of 24-6-49.

I have to report as under :-

Dharwar Irrigation Sub-Division:

This Sub Division will be required to look after the Minor Irrigation Works, numbering about 202, in the Dharwar and Hubli Talukas and also the 1st Class tanks at Dombal and the Meundi Bandhara in Mundargi Petha. In addition to these works, there are major projects for constructing new tanks at the following places :-

1. Arwatgi, Taluka Dharwar
2. Shirur, Petha Mundargi
3. Harogeri -do-
4. Shirol -do-
5. Alur, Taluka Gadag
6. Tammbergundi, Tal:Gadag.

Out of these six, the Plan & estimate for the first four have been prepared and are complete in all respects but Government in the Agriculture & Rural Development Department have ordered that they should be postponed till restoration of normal conditions vide G.L. Agriculture & Rural Development Department Nos. 1938-F of 23-2-48 (Arwatgi), 1879/18383-F of 10-7-1948 (Shirol) and G.L. Agriculture & Rural Dev Deptt. No. 1314/30128-F of 24-9-48 (Harogeri & Shiru in this connection. Plan & estimate for the remaini two are also ready. All these projects are major on and in view of grow more food campaign, Government may order the taking up of these projects for constr -tion, if conditions of labour, materials etc., beco favourable.

Apart from the above, this Sub Division will als be required to look after Minor Irrigation tanks in the Haliyal Taluka as soon as these are transferred from Kanara Division as proposed in para 2 of this office letter No. G-108 of 22-6-49. The jurisdictio of this Sub Division in short will approximately be as it was existing at the time of the late Dharwar Irrigation Division. It would, therefore, thus be seen that this Sub Division will have sufficient number of tank works in its jurisdiction and is therefore necessary.

Special Projects Irrigation Sub Division:-

There are in all about 3000 and odd minor irriga-
-tion ...

irrigation Tanks in the Dharwar District. Most of these are at present in disrepairs and will be required to be taken up early in view of the irrigation under them and the revenue derived therefro Moreover, it is proposed to entrust the Minor Irriga--tion tanks in the Sirsi, Mundgod and Haliyal talukas to Dharwar Irrigation Division, after it is formed please vide para 2 of this office letter No. G-108 of 22-5-49. These number to about 1350. Thus the Dharwar Irrigation Division will have 4360 tanks in its charge.

At present also, there is a special Project Irrigation Section, attached to the Executive Engineer Office in charge of an overseer, for survey and preparation of plans and estimates for these works. This looks after the survey and preparation of plans and estimates of all tanks in charge of the Dharwar Division while the Sub-Divisional Officers look after survey and plan and estimates of urgent and emergent repairs only.

The tanks being situated in out of the way places etc., it will not be possible for the Sub Divisional Officers of normal Sub Divisions to efficiently attend to survey and preparation of plans and estimates of all tanks. Moreover there is always much correspondence before a project is prepared. A specialised unit is therefore absolutely necessary for expediting the projects as a sufficient number of projects will have to be kept ready for financing them.

Para 3 of Government Letter:

Divisional Office:

(1) Tracer: Three tracers are proposed in all. Two will be required for Irrigation Works and one for Village Water Supply well works.

(2) One Senior Accounts Clerk: There will be six Sub Divisions including the Haveri B & R Sub Division in this new Division vide para 5(2) of this office No.G-108 of 22-5-49. The correspondence work is increasing day by day and is expected to increase more on account of frequent applications etc., to be received from public for repairs to tanks when a special Irrigation Division is formed. One Senior Accounts Clerk for each of the correspondence and accounts branch is therefore, considered necessary. Most of the Divisional Offices have got two such clerks.

(3) One clerk in the grade of 92-8-140: This ma be reduced.

(4) One clerk in the grade of 46-3-85-E.B.-4-105: The extra one clerk is required on account of heavy work expected on account of 6 Sub Divisions proposed for this Division against 5 Sub Divisions under norm ~~Sub~~ Divisions.

(5) Peons: The additional peon was proposed to work under Store Keeper. This may, however, be reduced as a store cooly by debit to Tools & Plant will be maintained.

Special Irrigation Project Sub Division

(i) one overseer
(ii) sixteen surveyors.

Normally one surveyor will prepare plan and estimate for repairs to 15 tanks each year. Assuming 3000 tanks are to be repaired within a period of ten years. Number of tanks to be repaired each year will be 300. Hence 20 surveyors, will be required for the Sub Division. One of these 4 will be senior overseers and the rest 16 surveyors.

Besides this, survey and preparation of plans and estimates for Minor Irrigation Tanks in Sirsi, Mundgod and Haliyal talukas of the Kanara Division will also have to be taken up, as these are proposed to be transferred to the new Division, when formed. Hence more technical staff will be required to expedite preparation of Plans & estimates as without which sufficient number of tanks for repairs will not be forthcoming.

(iii) One clerk in the grade of 46-3-85-E.B.-4-105 There will be much copying work in this Sub Division being a project Sub Division. Hence four clerks including the clerk in the grade of 92-8-140 will be necessary.

(iv) Two tracers: For a normal Sub Division, one tracer would have been ample. But for a project Sub Division requiring to prepare 300 and more plans and estimates per year, three tracers are considered quite essential as they would be required to trace three or more plans for each project.

(v) One computor: One computor would suffice. If more than one is considered necessary the Executiv Engineer will be asked to appoint him on workcharged establishment by debit to survey work

(vi) One Peon: Five peons were proposed for the Sub Division as the Sub Divisional Officer has to do extensive touring. Hence two more proposed for him However one may be reduced.

(vii) Five Khalasis: Six khalasis were proposed on the following basis:-

Khalasis, one for each of the 4 overseer and 2 for each of two head surveyors (out of the 16 surveyors proposed) and are considered quite necessary

2. In view or orders contained in Government Resolution (P.W.D.) No.9304/36 of the 20th June 1949 the new Sub Division at Laxmeshwar has already been opened on 30-6-49 thus increasing the number of Sub Divisions of the present Dharwar Division from 8 to 9 . Besides Government have given top most priority to Grow More Food Campaign and so this problem will receive their earnest attention. Hence the M & R to Minor Irrigation Tanks, investigation of new and emergent irrigation schemes calculated to increase food production will have to be looked to more promptly and efficiently and this cannot be done unless there is a special Division dealing with them is formed immediately. The Dharwar Division is already heavily over burdened with P.W. works etc., in progress and it is absolutely necessary that new Division as proposed be opened as early as

possible

possible to relieve the Executive Engineer of the heavy work.

In the circumstances, it is requested that Government may in your concurrance be moved to impress upon the imperative necessity of opening the new Irrigation Division at Dharwar immediately as already proposed.

Superintending Engineer S.C.

3. It is proposed to accept the proposals at a(i) above and to distribute the Sub-Dnl. charges as shown at 'A' on page 59 ante.

p.75 p.75

4. As reg: the proposals at (b) and (c) the S.E. was asked to justify the creation of two new Sub-Dns. and the part of estabt. which is in excess of the estabt. normally sanctioned for the Dnl. and Sub-Dnl. Offices. The S.E. has furnished.....

furnished the necy. information in his letter under pp 67-73 disposal. In view of the reasons given by the S.E. on pp. 67 and 69, the creation of ~~this~~ the new Sub-Dns., may be agreed to.

5. As reg: staff, the proposals submitted by the S.E. were slightly in excess of the staff sanctioned for a normal Dnl. and Sub-Dnl. Office. The S.E. was, therefore, asked to give detailed justification for the extra staff - vide para 3 of G.L.No.444/48-E(I), dt. the 24th June 1949. In the light of details furnished by the S.E., the following remarks are offered:- in respect of the extra staff.

Divisional Office:-

(i) Tracer :- The S.E. has asked for 3 tracers though normally 2 are sanctioned for a Dnl.Office. He states that two tracers will be reqd. for irrign. works and one for V.W.S. Well Works. It is for consideration whether an addl. tracer may be sanctioned as asked for by the S.E.

is may be agreed to as number of plans are to be prepared for minor dn works. KJ 9/49

(ii) One Senior Accounts Clerk. :- This may be negatived as the post asked for is in ~~as the post asked for is in~~ anticipation of heavy work.

yes KJ 9

(iii) One ~~Clerk~~ Clerk in the grade of Rs. 92-8-140. :- The S.E.himself has withdrawn his request.

(iv) One clerk in the grade of 46-3-85-E.B.-8-105. This may be negatived as the post asked for is in anticipation of heavy work.

yes KJ 9

(v) One peon. The S.E.himself has withdrawn his request.

(VI) P.A. to Ex. Engr. This has been negatived vide note on p. 71 ante.

Special Irrign.Projects Sub-Dn.

(i) One Overseer and
(ii) 8 Surveyors. As there are 3000 tanks to be repaired in 10 years and survey and preparation of plans and ~~ests~~ estimates for Minor Irrign.tanks in Sirsi, Mundgod and Haliyal Talukas to be carried out it is for consideration whether post of one ~~new~~ addl. overseer and 8 addl. surveyors ~~new~~ may be sanctioned.

yes KJ 9/49

(iii)....

(iii) One clerk in the grade of Rs. 46-3-85-E.B.-4-105.	This being a project Sub-Dn. there will be a good deal of copying work. The addl.post of clerk may, therefore, perhaps be sanctioned. Yes Hyd
(iv) Two tracers.	Normally one tracer is sanctioned for a Project Sub-Dn. As this Sub-Dn. is reqd. to prepare 300 and more plans & ~~est.~~ estimates per year, the S.E.requests that two additional posts of tracers may be sanctioned. It seems, it would suffice if only one addl.post is sanctioned instead of two asked for by the S.E. I agree Hyd
(v) One Computor.	The S.E.himself has withdrawn.
(vi) One peon.	The S.E.himself has withdrawn.
(vii) Five Khalasis.	The S.E.has proposed six Khalasis on the basis of one for each of the four overseers and one for each of the two head surveyors. I think Head Surveyors also should be given Khalasis as each Hyd As the head surveyors are not entitled to have any Khalasis, only 3 more posts of Khalasis may be sanctioned on the basis of one each for an Overseer.

6. The Dn., 2 Sub-Dns. and the estabt. may be sanctioned vide 28-2-51, in the first instance

7. 8. These papers may now be refd. u.o. to the F.D. for its concurrence to the above proposals.

Thro' E.B.(I), E.B.(II) and A.B.(II).

SMD 31-8-49. A.B(II).

31-8-49 Hyd

8. The average annual cost involved on account of the establishment is Rs 1,27,308/- approximately (exclusive of allowances). If the establishment asked for by the S.E. is reduced as proposed in para 5 above, the cost will proportionately be reduced. As

the

31-8-49 2 VNM. 30/8/49.

444/48
46466

the proposal is considered to be of immediate urgency, the establishment ~~may~~ can be sanctioned during the course of the current year with the concurrence of the F.D. The L.A's approval will, in that case, have to be anticipated as the cost is more than Rs 5000/- & is of recurrent nature. The necessary supplementary grant may be obtained, in due course, through the F.D.

9. The cost of the proposed establishment may be debited to the head "50- C.W. - Prov. - Establishment - (Ordinary)".

(MS) 2/11/49

Before the papers are referred to the F.D. we should obtain the proposal of opening of a new minor Irrigation Division at Belgaum from the J.E/S.C who please see (1)'s note on p-64 ante. As these two Divisions are at Dharwar and the other at Belgaum have to look after all the minor irigation works in Belgaum, Dharwar and Kanara Districts, the J.E may be requested to show the distribution of works as between the two Divisions. The J.E/S.C may be requested to submit his proposals very urgently so the they can be referred to the F.D. together.

No. 444/48-E(III)

B.C., 7th Sept 1949.

To

The S.E., S.C.

Subject:- Reopening of Dharwar Irrigation Division.

Refce:- Correspondence ending with your express letter No G 108, dt the 13th July '49 pp. 57-73

2. It is considered that two new divisions will have to be opened - at Dharwar and one at Belgaum - to deal with minor irrigation works in Dharwar, Belgaum and Kanara Dists. You are, therefore, requested to submit proposals regarding the opening of a Division at Belgaum also. and to show the distribution

-14/48

To

The Secretary to Government,
Public Works Department,
B O M B A Y.

No.G-108./1

Public Works Department,
Belgaum: 14th September 1949.

Subject: Re-opening of the Dharwar Irrigation Division, Dharwar

Reference: G.L. No. 444/48-E(III) of 7-9-1949.

Detailed proposals for the opening of the 2nd Irrigation Division at Belgaum have been called for from the Executive Engineer, Belgaum Division. The Executive Engineer, Dharwar & Belgaum Divisions have also been instructed to see what portion of the proposed Dharwar Irrigation Division can be reduced and entrusted to the newly proposed Irrigation Division at Belgaum. On receipt of their reports, detailed proposals for the opening of the 2nd Irrigation Division at Belgaum will be submitted to Government.

2. In the meantime, I desire to bring it to the notice of Government that with the opening of the Laxmeshwar Sub Division, the executive charge of the Dharwar Division has become too heavy, having nine Sub Divisions in its charge. Moreover Government have given top priority to grow-more-food campaign and construction of well and tank works and so these problems will have to be given earnest attention. This the Executive Engineer cannot, however do efficiently unless and until he is given some relief. This can only be done by opening the Dharwar Irrigation Division as proposed in my No.G-108 of 22-5-1949 immediately. This is necessary to avoid a break down in the administration and I request that Government may kindly consider this point. In the circumstances, it is requested that Government, may in your concurrence kindly be moved to the immediate opening of the new Irrigation Division at Dharwar, as already proposed.

S B Dutt 14/9

Superintending Engineer, S.C.

GDT.

P IV. Deptt.

Submitted with refee. to Govt. Letter No 444/48-E(III), dt. the 7th Sept 1949 and the notes underlying it

2 In view of the S.E., S.C.'s letter within it is for consideration whether the question of reopening of Dharwar Irrigation Division may be proceeded with further pending the receipt of proposals regarding the opening of second Irrigation Division at Belgaum.

3 If so, the papers may be referred u. o to the F.D.

SMD.
17-9-49

~~Thorough~~ ~~AB(III)~~

It would be preferable in my opinion to consider the opening of both the Divisions together. The point is however for orders

Kf 20/9/49

We will have to submit details of the staff available etc if the two Divisions are to be opened.

Where are the Ers to come from as we have practically exhausted all the ~~Legion~~ men in the list

Letter.

From

The Superintending Engineer,
Southern Circle.

To

The Secretary to Government,
Public Works Department,
Bombay.

No.G-108/1 Public Works Department,
Belgaum, 14 November 1949.

Subject:- Reopening of Dharwar Irrigation Division.

Reference:- Correspondance ending with this office No. G-108/1, dated the 14th September 1949.

In order to formulate the proposals, and fix up the jurisdictions of the proposed Irrigation Divisions- (i) at Belgaum and (ii) at Dharwar, a meeting of the following officers was convened in this office on the 15th October 1949.

(i) Executive Engineer, Belgaum Division.
(ii) Executive Engineer, Dharwar Division.
(iii) Executive Engineer, Minor Irrigation Division, Belgaum.

The consensus of opinion in the meeting was that it is necessary to open two irrigation Dns. one at Belgaum and other at Dharwar to look after more than 6000 tanks in the three Districts of Belgaum, Dharwar and Kanara. Though it is a fact that all of these tanks, may not need immediate expert technical assistance and that some of them could be repaired by Revenue authorities, in whose charge these tanks rest, there are many tanks which need immediate attention. Many of these minor irrigation tanks have gone out of repairs and do not function properly. The number of such tanks being very large, the work of renovating them all within a short period being difficult by a single Division, it is considered necessary to have two Divisions as under -

(1) The Belgaum Irrigation Division with head quarters at Belgaum having following 5 Sub-Divisions.

(a) Belgaum Irrigation Sub-Division, Belgaum.
(b) Khanapur Irrigation Sub-Division, Khanapur.
(c) Haliyal Irrigation Sub-Division, Haliyal.
(d) Kolchi Wrir Sub-Division, Ramdurg.
(e) Project Sub-Division, Belgaum.

(2) The Dharwar Irrigation Division with head quarters at Dharwar having the following 5 Sub-Divisions

(i) Havasbhavi Irrigation Sub-Division, Havasbhavi.

(ii) .....

(ii) Hangal Irrigation and V.W.S.Sub-Division at Hangal.
(iii) Kalaghatgi Irrigation and V.W.S.Sub-Division at Kalaghatgi.
(iv) Dharwar Irrigation Sub-Division at Dharwar.
(v) Sirsi Irrigation Sub-Division, at Sirsi.
(vi) Irrigation projects Sub-Division at Dharwar.

2. A map showing the jurisdiction of the proposed two Divisions and the Sub-Divisions under them and statement showing the No. of tanks and other works in charge of each Sub-Division is enclosed herewith. From the above map and the statement, it will be seen that Minor Irrigation Works in Kanara Division are proposed to be distributed more or less equally among the two Divisions by having 2 Sub-Divisions in N. Kanara, District, Haliyal Sub-Division under Belgaum Irrigation Division and Sirsi Sub-Division under Dharwar Irrigation Division. - The works in Supa Petha will however be in charge of Khanapur Sub-Division in Belgaum Division.

3. In order to make the best use of the existing Sub-Divisions and to minimise the opening of a number of new Sub-Divisions, it is proposed to transfer V.W.S. Works in Belgaum and Dharwar Divisions along with the Sub-Divisions opened for the purpose and to distribute the work as per the statement enclosed. The above proposals involve opening up of new two Divisional Offices and 5 Sub-Divisional Offices - 2 under Belgaum Irrigation Division and 3 under Dharwar Irrigation Division as shown in the statement.

4. Amoung the five proposed Sub-Divisions in the Belgaum Irrigation Division, it will be seen that 3 Sub-Divisions are already existing -

(i) Belgaum Irrigation Sub-Division.
(ii) Ramdurg Sub-Division.
(iii) V.W.S. Sub-Division.

The jurisdiction of the Belgaum Irrigation Sub-Dn. which comprises of Belgaum District in respect of irrigation works, will be limited to (i) Belgaum Taluka (ii) Sampagaon Taluka (iii) Chandagad Mahal, (iv) Gakak Taluka,&(v) Shahapur Taluka and roads and buildings in charge of this Sub-Division will be retained by the Belgaum Division (B&R). The tanks in this Sub-Division being only 370, out of which, those in immediate need of repairs being not more than 150, it is proposed to entrust V.W.S. works of Belgaum, Sampagaon Talukas and Chandagad Mahal to this Sub-Dn., and to shift the V.W.S. Sub-Division to Khanapur and rename it as Khanapur Irrigation Sub-Division and entrust to it V.W.S. works in Khanapur Taluka and Minor Irrigation works in Khanapur and Supa petha. The Ramdurg Sub-Division has an important work of construction of the pick-up-weir at Kolchi, costing about Rs. 15 lakhs, which is proposed to be completed within a period of 2 years. At present the Sub-Division has been sanctioned for this work only and this can be closed after the completion of the work. The roads and buildings in charge of this Sub-Division will be transferred to Belgaum (B&R) Division. This Sub-Division

in addition .....

in addition to Kolchi Weir Work will be in charge of Irrigation works in Ramdurg Taluka and Parasgad Taluka. The following 2 new Sub-Divisions will be opened.

(i) Haliyal Irrigation Sub-Division.

(ii) Irrigation projects Sub-Division.

The Haliyal Irrigation Sub-Division will be in charge of Minor Irrigation works in Haliyal Taluka. The Irrigation Project Sub-Division will be in charge of preparing plans and estimates for all the projects in the Division. There will be about 2400 tanks in this Division, If at least half of these tanks are repaired within a period of 3 to 4 years, about 300 tanks will have to be taken up annually which means that each of the 3 Sub-Divisions will have to take up 75 tanks annually. The surveys and preparation of plans and estimate for these works cannot be attended to by the regular Sub-Division and hence a project Sub-Division has been proposed to prepare Plana and estimate for works. The above proposals will necessitate redistribution of work in Belgaum Division, proposals in this connection will be submitted separately.

5. As regards Dharwar Irrigation Division the only change in the proposals, submitted to Government in this office No.G-108, dated the 22nd May, 1949, with modifications as communicated in this office No.G-108, dated the 13th July, 1949, is that one more Irrigation Sub-Division is proposed to be opened at Sirsi to look after Irrigation works in Sirsi Taluka and Mundgod Petham and the same is proposed to be joined to Dharwar Division. A map showing the jurisdiction of the Divisions and Sub-Divisions, and statements showing the works to be entrusted to the Sub-Divisions, and the establishment are enclosed herewith.

6. I may mention here that in case the above proposals are accepted and the two Irrigation Divisions are opened and if Agriculture and Forests Department has no objection, I suggest that the two existing Minor Irrigation Divisions under the ~~J.D.A.~~ (Eng.) one at Belgaum and the other at Dharwar be transferred to Public Works Department en-block. From what I could gather from the Executive Engineer, Belgaum Minor Irrigation Division, I think, there should be no difficulty in taking over the Divisions along with the works and augment the Sub-Divisions and the staff as proposed above. The four or five lift Irrigation Works that have been started and are in progress in Bijapur District under the Dharwar Minor Irrigation Divisions, can conveniently be transferred to the Bijapur Division. As regards the other additional Lift Irrigation Schemes in both the Dharwar and Belgaum Minor Irrigation Divisions, I learn, majority of them are in project stage and I feel that the proposed Irrigation Divisions at Dharwar and Belgaum will be able to look after them.

I Director of Agricultural Engineering

The.....

The guiding principle in formulating the above proposals as already stated, has been one of utilising the existing Divisions with its staff, materials and accommodation to the best advantage and of avoiding starting ~~fresh~~ scratch in opening new Divisions and Sub-Divisions. I feel that though in Government Resolution (A. & R. D.) No.3432, dated 18th June, 1949, it is ordered that Lift Irrigation Works should be dealt with by the Agriculture Department, it is desirable that they should be entrusted to the Public Works Department. I am endorsing a copy of this letter to the Joint Director of Agricultural Engineer, for his information and communicating his views thereon direct to Government.

7. Very early orders of Government in opening up of the two Divisions are requested.

Office of the
Joint Director of Agriculture(Eng).,
Bombay Province,

Poona 1, 18th November, 1949.

To

The Secretary to Government,
Public Works Department,
Bombay 1.

Subject :- Reopening of Dharwar Irrigation Division.

Reference: Para 6 of letter No.G-108/1, 1401-103 dated the 14th November, 1949, from the Superintending Engineer, Southern Circle, to you - Copy endorsed to this office.

...

The Public Works Department has already turned down the idea of having the Civil Engineering portion of the Lift Irrigation Schemes in its charge, as it would entail duel control which that Department considered would not be conducive to smooth and efficient working. The Government of Bombay have also stated that the subject Lift Irrigation should be dealt with by the Department of Agriculture and Forests and unless Government are agreeable in principle to the suggestion put forth by the Superintending Engineer, Southern Circle, no useful purpose will be served in discussing whether the Minor Irrigation Divisions at Belgaum and Dharwar should be transferred en block to the Public Works Department. I have already submitted my proposals to the Agriculture and Forests Department as to how the Civil Engineering staff could be progressively reduced as the Lift Irrigation Schemes in hand get completed and consequently such of the staff as may be found surplus to our requirements at that stage, would certainly be made available to the Public Works Department for manning the Irrigation Divisions in Karnatak.

D A Gadgil

Joint Director of Agriculture (Engineering),
Bombay Province, Poona.

P. W. D.
File No. 4444/4
Serial No. 777

117

444/48
77710

E.B.(III).

Submitted with ref. to G.L.No.4448-E(III) dated the 7-9-49, and the notes within.

2. The S.E.,S.C.,has submitted proposals for opening two irrigation Dns. one at Belgaum and the other at Dharwar. It is stated that these Dns. are necessary to look after more than 6000 tanks in the three Dists. of Belgaum, Dharwar and Kanara, though some of them could be ~~arranged~~ relieved by revenue authorities. It is proposed to have 6 Sub Dns. in the Belgaum Irrign. Dn. and 6 in the Dharwar Irrign. Dn. These proposals involve the creation of ~~8~~ 2 new sub-divisions in the Belgaum Dn. and 3 in the Dharwar Irrign. Dn. In order to make the best use of the existing sub divisions and to minimuse the opening of a number of new sub divisions it is proposed to transfer V.W.S.Works in Belgaum and Dharwar Dns. along with the sub divisions opene for the purpose.

3. The S.E.,S.C. is of opinion that the Lift Irrign. Works should be dealt with by the P.W.D. though it has been ordered that they should be dealt with by the A.& F.D. vide and A.& R.D. G.R.,No.3422 dated the 18-6-49. The S.E. suggests that the two minor irrign. Dns. at Belgaum and Dharwar may be transferred to the P.W.D. along with the ~~xxx~~ works and augment the sub divisions and the staff as proposed. The Jt.Dir.of Agriculture (Engineering) suggests that unless Govt. ~~agree~~ in principle to the suggestion put forth by the S.E.,S.C., no useful purpose will be served in discussing whether the minor Irrign.Dns. at Belgaum and Dharwar should be transferred en block to the P.W.D. Jt. Dir. has already submitted proposals to the A.& F.D. as to how the Civil Engineering staff could be progressively reduced as the Lift Irrign. Schemes in hand get completed. Such of the staff as would be surplus ~~xxx~~ would be transferred to the P.W.D. for manning the Irrign. Dns. in Karnatak.

4. The statement on page ~~xx~~ ante shows how the

444/48
77710

10E

V.W.S. Works are proposed to be distributed. The creation of a separate organisation purely for V.W.S. works is to be discussed ~~next~~ early next year in the conference of the S.Es. and Ex.Engrs. Further developments may thereon may be awaited.

5. The statements on pp.87-93 ante. show what addl. staff if required. In view of the remarks made by the Jt.Dir.of Agriculture, the A.& F.D. may be requested to state in the first instance how the proposals made by him stand and at present and when the surplus staff will be made available to the P.W.D. That Deptt. may also be requested to put up the papers underlying G.R.(A.& R.D) No.3432, dated 18-6-49 as they may be required to consider the S.E's suggestion that Lift Irrign.Works should be entrusted to the P.W.D.

2. These papers deal with the opening of two irrigation Divisions one at Belgaum and the other at Dharwar. The S.E., S.C., along with other officers has been requested to submit proposals for redistribution of divisional and Sub-divisional charges - vide G.L. No 2100/48 E(III) dt 9-1-50. The S.E. has also been informed that it appears necessary to open at least one new Division at Dharwar for looking after the large number of works in minor Irrigation works in Dharwar and the Haliyal, Mundgod and Sirsi Talukas of the Kanara dt. and that the question of opening another Division at Belgaum may be dropped. In view of this, the question of opening only one irrigation Division at Dharwar will have to be considered. The S.E., S.C. has been requested to-

1:0

444/48

to report the distribution of sub-divisional charges between the existing Dharwar Dn and the proposed Dharwar Sangli Dn. It is proposed to create three sub-divisions in that Division in these orders. The number of proposed new sub-divisions may undergo a change in view of the redistribution of Sub-divisional charges. The receipt of the report from the SE, SC called for in G.L No 2100/48 E(III) of the 9-1-50 may be awaited.

STATE TELEGRAM EXPRESS

Dated the 9th February 1950.

From - Bomworks, Bombay.

To - Executive Engineer,
Dharwar Division,
Dharwar.

Additional grant of rupees fifty thousand sanctioned during current financial year for repairs minor irrigation tanks in Dharwar District. Stop. Take immediate steps to post required staff to utilise this amount before end of March. Stop. Consult Collector regarding priority in which works are to be undertaken. Stop. Preference to be given to works, where cultivators give contribution of one third cost As staff is limited, tanks in compact areas should be select as far as possible and attention paid to quality of work than to numbers.

/ Stop.

Original in file No.2100/48/7537)

Extract from letter No.G.108, dated the 25th January 1950, from the Superintending Engineer, S.C.

(iii) Dharwar Irrigation Division.

The proposed Dharwar Irrigation Division will consist of 6 Sub-Divisions in all. The Irrigation projects Sub-Division will be in charge of preparing projects all over the Division. The Dharwar Irrigation Sub-Division will be in charge of Minor Irrigation Works in Dharwar, Hubli, Gadag talukas & Mundargi Petha of Dharwar District and M.I.Works & V.W.S. wells in Haliyal Taluka of Kanara District.

The Hanagal Sub-Division is the existing Sub-Division which is in charge of M.I.& V.W.S. Works in Hangal Taluka. The Hansbhavi Sub-Division is also existing and is in charge of Minor Irrigation Works in Kod, Haveri & Ranebennur Talukas. The Kalghatgi Sub-Division is also existing and is in charge of Minor Irrigation & Village Water Supply works in Kalghatgi & Bankapur Talukas.

The Sirsi V.W.S. Sub-Division under Kanara Division is proposed to be joined to Dharwar Irrigation Division and will take over Minor Irrigation Works in Sirsi, Mundgod & Siddapur Talukas in Kanara Division.

P.W.Deptt.

E.B.(III).

Submitted with reference to the office note dated the 30-1-50. P-110

2. The report of the S.E.,S.C.,on the reconstitution of the Divisions and Sub-divisions ~~have~~ has since been separately received and is being submitted in file No.2100/48, along with other reports. An extrac P-113 from the S.E's letter relating to the formation of the proposed Dharwar Irrigation Dn. is attached. It has been proposed to constitute the new Divisi on with 6 Sub-divisions, four of which are existing ones. The details regarding the names of all the Sub-dns. including those mentioned above and the work proposed to be entrusted to each are as under:-

Existing Sub-divisions.

(i) Hangal Sub-dn. (now in the Dharwar Dn.)- Minor irrigation works in the Hangal Taluk

ii) Hansbhavi Sub-dn. (now in Dharwar Dn.)- Minor irrigation works in Kod, Haveri and Ranebennur talukas.

(iii) Kalghatgi V.W.S.Sub-dn.(now in Dharwar Dn.)- Minor irrigation works and V.W.S.works in Kalghatgi and Bankapur talukas.

(iv) The Sirsi V.W.S.Sub-dn. (now in the Kanara Dn Will take over Minor irrign.works in Sirsi Mundgod and Siddapur talukas ~~of~~ in the Kanara Dn.

New Sub-division.

(v) The Irrign.Projects Sub-dn.- For preparing projects all over the Dn.

(vi) The Dharwar Irrign.Sub-dn.- Minor irrign.wor in Dharwar, Hubli and Gadag talukas and Mundargi Petha of Dharwar Dist.and minor irrign.works and V.W.S.wells in Haliyal taluks of the Kanara Dist.

3. Thus, it is proposed to create one additional Dnl.and two addnl.Sub-dnl.charges. The estabt. required for the new charges is shown in the statement at page 91 ante. It has also been proposed to appoint 3 additional karkuns in the existing Sirsi Sub-dn.,presumably in view of the additional minor irrign.works proposed to be allotted to it. The prop seem reasonable.

4. The names of the Sub-dns. are proposed to be as shown in the statement at pages 92-93.

5. It is also observed from the proposals of the S.E.,S.C.,in file No.2100/48, that it has not been proposed to add any new Sub-dns. in the Dharwar and Kanara Dns. ~~against~~ in lieu of those now proposed to be transferred to the Dharwar Irrign.Dn.

6. Govt. has sanctioned a grant of Rs50,000 to be spent during the current year for repairs to minor irrign. works in the Dharwar Dist.- vide Govt. endt. No. 2172/48-I.B.(I),dated the 9-2-50 (copy attached).In his telegram within,the S.E.,S.C.,requests sanction to the opening of the Dharwar Irrign.Dn. immediately in order to be able to complete the repair works efficiently before the monsoon.

7. In the circumstances explained above, the proposals may perhaps be approved and sanction may be accorded to the creation of one Divisional and two Sub-dnl.charges, together with the necy. temporary estabt. refd. to in para. 3 above,till the 28-2-1951,in the first instance, after u.o.r.to the F.D. The S.E. may at the same time be asked to make appointments against these new posts only as and when actual necessity arises. The F.D. may be requested to treat these papers as very urgent.

Thro.E.B.(I),(II),I.B.(I) & A.B.(III).

8. The cost is debitable to the head "50-C.-M.-Provincial-Estabt. (Cadre)". The annual average expenditure involved in this proposal comes to Rs. 1,02,000/- approximately (exclusive of allowances).

As the cost exceeds Rs 5,000/- per annum and as it is of a recurring nature, the F.A.'s approval to the creation of one Dn. and two sub-Dns. is req.

If it is decided to sanction the Dn and the sub-Dns in question with immediate effect, the F.A.'s approval may be anticipated in the matter in consultation with the F.D. The req. supplementary demand statement will be forwarded to that Deptt. in due course.

Dy no - 19-2-50

The opening of a separate X Division in the Region for maintenance of the large number of minor irrigation works has become inevitable, on account of the decision to allot Rs 50 lakhs each for the next two years. The Division and the additional establishment proposed may therefore be sanctioned without delay. This

X The location of the new Div and its name is subject to the orders below

Case being very urgent need not be held over,
in my opinion till the proposals, separately
under consideration, for the reconstitution of
the Divisional and Subdivisional charges/since have been finally decided
the latter case might take some more time

On a separate case, the Chief Engineer
has remarked that we might open Belgaum
Irrign Dn also. If this division is sanctioned
the distribution of the Subdnl charges as between
Belgaum (B & R) Dn & Belgaum (Irrign) Dn
will be as below, after taking into consideration
the latest proposals received from the S.E. V.C.

Belgaum (R & B) Division

(1) Belgaum (R & B) Subdn at Belgaum
(2) V. W. Supply Subdn —do—
(3) Special Project -do- —do—
(4) Chikodi Subdivn at Chikodi

Belgaum (Irrign) Division

(1) Belgaum Irrign Subdn at Belgaum (existing)
(2) Khanapur —do— Khanapur (new)
(3) Haliyal —do— Haliyal (new)
(4) Kolchi Weir Subdn Ramdurg (existing)
(5) Irrigation Project Subdn at Belgaum (new)

It would thus be seen the work

The proposed arrangement, Belgaum (R&B) Division will be comparatively light. This has also happened on account of the proposed transfer of the Savantwadi fields from Belgaum (R&B) Dn to Ratnagiri Division.

I would therefore submit that we need not open the Belgaum Irrigation Division (SESC has told me personally that a separate irrign Dn for Belgaum is not necessary If however some relief is to be given to the Belgaum Dn and also the proposed new Dharwar Irrign Dn, we may take out the minor irrigation works in Khanapur Taluka of Belgaum Dist and Supa and Haliyal Talukas of the Kanara District and entrust these works to the Ex. Irrign Irrigation Project Division (South) at Dharwar, under the S.E Karnatak Irrign Circle, a separate new Field can be formed for this area.

I have of course presumed that the new Dharwar Irrign Dn will be under the control of the S. E. Karnatak I. Circle

The design Project Dn (South) has at present only the following Subdns

(1) Reconnaissance design Project Dn Subdn
(2) Khatpraha right bank canal -do-
(3) Soil Research -do-
(4) Distributary designs & Survey -do-

The Sp Engr in charge of this Dn can therefore easily take over one more Subdn proposed & be formed by me for The M.I. works in Khanapur, Khalipal & Supa areas. This will obviate the necessity of another new Dn and finding out staff for the same. This question however can be considered later on. For the present The proposal of the new Dharwar design Dn may be allowed to go through as this cannot be delayed any longer.

Vpl 8/7/50

Only one new Division viz Dharwar Irrigation Dn may be allowed to be opened at once to make the best possible use of the time available for carrying out repairs to minor irrigation works.

A comprehensive proposal for amalgamation of

Chief Engr
Secy.

Various Divisions & Circles will be submitted before the end of March for approval, whereby it is anticipated that there will be reduction of at least two Circle offices. The proposals are being framed but are not ready yet for submission. No new Divisions or circles will be asked for after this sanction. Two sub-Divisions also will have to be sanctioned.

18-2-50.

The Food Commr for G.I. (Mr. R.K. Patil) in course of his talk recently emphasised the urgent need of repairing minor irrigation tanks in the province, especially in Dharwar Dist. A sum of Rs. 50,000/- has been allotted to Dharwar Dist. for this work during the months of Feb. & March 50. The G.I. are likely to ~~all~~ advance a loan of Rs. 1 crore (for 50-51 and 51-52 together) for such works, after the outline for scheme for repairs is ~~approved~~ submitted to them.

Pending the preparation of that scheme, ~~Rs. 1 lakh necessary for repairing~~ it is however necessary to

Open any Dr or sub-divn.

I am told not out of Rs 50,000/- sanctioned for 8+ p.m. in Feb & March 51, only about Rs 10,000/- are likely to be spent in Dharwar Divn.

D-S This may await the receipt of the final orders about the opening of the Sbl. Divn & Subdivns for M.I. works.

SUPENGER

No. G108

Public Works Department,
BELGAUM: 13 February 1950.

Copy, in confirmation, forwarded with compliments to the Secretary to Government, Public Works Department, Bombay.

S S Dalal

GDT.

Superintending Engineer, S.C.
13/2

E.B. (II)

The main papers (file no. 444/48/1846) have been submitted on the 16.12.50. This may be kept with those papers when they are need back.

20.2.50.

21/2/50.

1-4-50.

P. W. D.
File No. 444/48
Serial No. 12411

EB II 16/2

Finance Department

These papers relate to the proposal to obtain a special loan of Rs.2 crores from the Govt. of India for an intensive programme of minor irrigation works covering the two years 1950-51 and 1951-52.

2. The terms of the loan are not indicated anywhere in the noting and correspondence, apart from the condition that it will be in two equal instalments, the second of which can be drawn only when the first has been exhausted. It is necessary that the P.W.D. ascertain the terms immediately from the Govt. of India and thereafter consult F.D. before final acceptance

3. It is obvious that this loan should be expended only on such schemes as yield the highest return by way of food as also in the financial sense. The Commissioner for Food Production has therefore said in his letter that "the works should be undertaken only in order of their priority and no regional considerations should be allowed to play any part." The regional apportionment made by P.W.D. (p.1) does not therefore seem to be in order.

4. A special staff to the extent of about Rs.9⅓ lakhs per annum has been proposed by P.W.D., besides some non-recurring expenditure on Jeeps (Rs.32,000). It is expected by the P.W.D. that this staff will be more than covered by retrenchment made elsewhere. That, however, is not the point. The proposed staff must be shown to be not more than is necessary for the individual work selected on principles of priority.

5. It may also have to be considered whether part of the loan should not be utilised for financing minor irrigation works already entered in the budget. My talks with the Finance Ministry at Delhi and the Reserve Bank of India here indicate that difficulties may arise in the way of our realising Rs. 4 crores for capital expenditure in 1950-51 by sale of securities. I understand that the Reserve Bank will shortly take up this question. At the moment, it is by no means certain that we shall be able to raise all the Rs. 10 crores required for capital expenditure next year (Rs. 6 crores from the public and Rs. 4 crores by sale of securities).

6. If approved, these points may be discussed at the E.P.C. meeting to be held at 11-30 A.M. on Saturday the 18th March. I have already told Secy. P.W.D. that he may have to be present at the.....

the meeting.

Id/-B.V.
14-3
Secy. F.D.

H.M.F.D. Id/- V.C.M.
15/3/50

C.S. Id/- M.D.B.
15/3

Secy.F.D.

E.P.C. has discussed with Secy.P.W.D.

2. From a strictly financial point of view the loan will constitute a burden on the general revenues and is not likely to be even partly self-financing. (Since the programme is mostly one of repairs to tanks etc., there will be no long-term physical (outlets) creation) against the loan, and therewill be (no) financial gain in this form of increased assessment etc.). It is therefore all the more necessary that, in ~~items~~ terms of food ~~of~~ any rate only the productive items should be financed from the loan.

3. The terms of the loan should be ascertained without delay from the Govt. of India, and examined.

4. Meanwhile ~~it~~ E.P.C. has no objection to the Scheme being proceeded with as formulated except that creation of new staff should for the present be confined to one Division and four sub-divisions in the Karnata. The rest of the staff should be put up for specific sanction as required from time to time.

Id. B.V. Vsm/-

Programme of M. 1 Works 1950-51& 51-52

The E.P.C. considered these proposals today and accepted them generally but thought that the staff proposed immediately was somewhat excessive. The E.P.C. agreed to the following addl. staff only for the present

A

1 Divn. for Dharwar Belgam and Karwar.

4 Sub-divisions

As regards the rest of the staff, the P.W.D. should make out a cas for creation of each Divn. or Sub-divn. ~~xxxxxxxxx~~ E.P.C. orders to obtained by sending the Asstt. to F.D. on 20/3 or 22/3.

The work of M. I. programme may , elsewhere, be entrusted to the Sub-divns.proposed for retrenchment or ~~xxRxxxx~~ to Road Projects or Special Projects sub-divns., as may be dicided by the S.E.

Re. food prodn., if we get 1 lac mds. of addl. food (through irrign. of existing area or by irrgn. of addl. area brought under command), it would mean food prodn. worth Rs. 10 lacs for an outlay of 1 crores and would appear to be adequate.

We should ask for monthly reports about progress, showing speciall the addl. food prodn.

There should be a ban on ~~xxx~~ prodn. of non-food crops in respect of works in this programme - --- unless sanction of Govt is obtained.

C. V. B.
18/3/50

Public Works Department.

E.B.(III).

P 107

It was originally proposed in these papers to sanction the creation of two new Irrigation Divisions, one at Dharwar and the other at Belgaum. In view of the urgent necessity for repairing minor irrigation tanks, especially in the Dharwar District, the E.P.C. has agreed to the immediate formation of one Division and four Sub-Divisions, for the present. It is accordingly proposed to sanction in the Kar. Irrgn. Cir

a wide copies of the above at pp 128-129 ('A' + 'B')

(i) the creation of one Division to be known as the ~~the~~ Dharwar Irrigation Divn. with six Sub-Divns.(two new and four exis

(ii) the creation of two new Sub-Divisions under the Irrigation Proj. Division (South).

2. The necessary draft G.R. is put up for approval.

Thro. E.B.(I), (II), I.B.(I) and A.B.(III).

23-3-50

23.3.50

(i) It is proposed to attach two of the four new Subdns. to the Irrigation Project Dn (South) for the present, pending the formation of a separate Belgaum Irrigation Division. These are

(1) Haliyal Irrign Subdn

(2) Belgaum Irrigation Projects Subdn.

(ii) As there might be some useful surplus staff of the now defunct minor Irrigation Dn at Belgaum under the Jt Director of Agriculture (Irg it is proposed to issue a directive to utilize this staff as far as possible in the new posts. I have

Very Urgent.
No.G-108

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Via Dharwar, 31st March 1950.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject :- Territorial change
Creation of the Dharwar Irrigation Division and Sub-Divisions.

.....

Reference: Government Resolution (Public Works Department) No.444/48, dated the 24th March 1950. pp 139-143

2. In the Government Resolution referred to above, two new Sub-Divisional charges viz. Haliyal Irrigation Sub-Division and the Belgaum Irrigation Sub-Division have, among others, been sanctioned under the Irrigation Projects Division (South), Dharwar. 1-139

3. As, however, the Executive Engineer, Irrigation Projects Division (South) is entrusted with the investigation and preparation of projects for dams in the Ghataprabha Valley and since these projects are very urgent and also important, he has to ~~xxx~~ concentrate solely on this work at least for about 6 to 8 months. As the Sub-Divisional Officers in charge of these Sub-Divisions are raw and inexperienced, the Executive Engineer does not get the help he ought to get and he has practically to do the project himself. For this purpose, I propose to hold in abeyance the transfer of 'Distributary and Designs Sub-Division' from the Ghataprabha Left Bank Canal Division to Irrigation Projects Division (South) vide Government Letter, Public Works Department No. 201/48-E (III) dated 20th February 1950, ~~to enable~~ for the time being in order to enable him to concentrate on the Dam Projects. LV 1/48/23089 P-31 Flag 'A'

3. In the circumstances, I propose that the two new Sub-Divisions referred to in para 2 above may be attached to the Divisions shown against them as a temporary measure :-

i) Belgaum Irrigation Project Sub-Division.	Belgaum Division under the Southern Circle.
ii) Haliyal Irrigation Sub-Division.	Dharwar Irrigation Division under the Karnatak Irrigation Circle.

5. As the execution of the Irrigation tank repair works is being done by the Irrigation Sub-Division under the Belgaum Division, it is necessary that preparation of plans and estimates should be handled in the same Division for proper co-ordination. Besides it will facilitate work if the Collector of Belgaum has to deal with only one Executive Engineer. This was discussed with Superintending Engineer, Southern Circle, who agreed ~~with~~ that the proposa would facilitate progress of works.

6. For the reasons mentioned in para 3 above, it is necessary that the Irrigation Projects Division should not be saddled with execution of works for the next 6 to 8 months. Due to contiguousness of the Haliyal area to Dharwar, it is proposed to attach the Haliyal Sub-Division to Dharwar Irrigation Division. The Collector of Kanara will also have to deal with only one Executive Engineer in the case.

7. It is, therefore, requested that Government may kindly be moved to approve my proposals, as early as possible.

Southern Circle.

To

The Secretary to Government,
Public Works Department, BOMBAY No.1.

No.G-108. Public Works Department,
Belgaum: 3 -4-1950.

Subject : Territorial changes.
Creation of the Dharwar Irrigation Division and Sub-Divisions.

Agreeably to the orders contained in Government Resolution, Public Works Department, No.444/48, dated the 24th March, 1950, sanctioning the transfer of the existing Sub-Divisions Viz. Hangal, Havasabhavi, Kalghatgi V.W.S. and Sirsi V.W.S. to the Dharwar Irrigation Division, I have to state that in a conference with the Superintending Engineer, Karnatak Irrigation Circle and Shree R.L.Deshpande, Executive Engineer, Dharwar Irrigation Division, it has been decided to transfer all the Village Water Supply works along with the transfer of Minor Irrigation works to these Sub-Divisions as was originally proposed in this Office letter No. G-108, dated the 25th January, 1950 and I request that the action taken may kindly be approved.

2. It is proposed to retain the Village Water Supply works in the existing Haliyal Sub-Division in that Sub-Division only under the Kanara Division instead of transferring them to the proposed Haliyal Irrigation Sub-Division. This Sub-Division will comprise of only the Irrigation works in Haliyal Taluka and Supa Petha, the number of which is pretty large and the entrusting of Village Water Supply works to that Sub-Division in addition will not be conducive to efficiency of work. This may, therefore, please be approved.

No. G-108. Public Works Department,
Belgaum, 4 April 1950.

Subject:- Territorial changes.
Creation of the Dharwar Irrigation
Division and Sub-Divisions.

Reference:- G.R.(PWD) No. 444/48, dated the 24th March 1950. PP 139-143

P- 147

2. For reasons stated by the Superintending Engineer, Karnatak Irrigation Circle, Dharwar, in his letter No. G-108, dated the 31st March 1950, addressed to you and copy endorsed to this office, I agree to take up the Belgaum Irrigation Project Sub-Division proposed to be opened under Irrigation Project Division(south) and attach the same to Belgaum Division, in this Circle, as a temporary measure and to take up all Minor Irrigation Works in Belgaum District.

3. However the Belgaum Division which is already heavy will be still heavier with the addition of this Sub-Division which will make the total number of Sub-Divisions from 7 to 8. On account of the heavy programme of the Minor Irrigation tank repair works in the Belgaum District, during the current year, which will have to be carried out by the Executive Engineer, Belgaum Division, he will require the help of a Personal Assistant and an additional Divisional Accountant for his office, as otherwise he will find it extremely difficult to cope up with the heavy pressure of work. I, therefore, request that Government may kindly be moved to sanction these posts temporarily for a period of one year in the first instance. The appointment of the post of a Personal Assistant may, however, be sanctioned immediately, as the urgency of this post is very keenly felt by that officer. The necessity of a Personal Assistant and an additional Accountant has already been reported to Government, in this office No. G-108/Merger, dated the 4th March 1949.

From

The Superintending Engineer,
Southern Circle, Belgaum.

To

The Secretary to Government,
Public Works Department, Bombay No.1.

No.G-108/3 Public Works Department,
Belgaum: 4 -4-1950.

Subject : Territorial changes.
Creation of the Dharwar Irrigation Division and Sub-Divisions.

P-139 In Government Resolution, Public Works Department, No.444/48 of 24-3-1950, Government have sanctioned the opening of a new Sub-Division viz. Irrigation Project Sub-Division at Belgaum in Karnatak Irrigation Circle under the Irrigation Project Division, South Dharwar. But for reasons stated by the Superintending Engineer, Karnatak Irrigation Circle and agreed to by this Office in letter No.G-108 dated 4-4-1950, the said Sub-Division is proposed to be attached to the existing Belgaum Division.

2. This Sub-Division is being opened with immediate effect under the existing Belgaum Division in anticipation of Government sanction so as to avoid any loss of time in the preparation of Irrigation Projects for repairs to Minor Irrigation works and Shri M. C. Krishnappa who was officiating Deputy Engineer in charge of one of the Sub-Divisions in the defunct Minor Irrigation Division, Belgaum is being appointed to hold charge of it. The actual date of opening of the Sub-Division by Shri M.C.Krishnappa, Officiating Deputy Engineer will be intimated to Government separately.

3. The action taken by me may please be approved early.

S S Deshpande

(iii) Letter No.G.108, dt. the 4-4-50, -do- P-151

(iv) Letter No.G.108/3, dt. the 4-4-50, -do- P-153

E. B.(III). Public Works Deptt.

Submitted with ref. to G. R. No.444/48, dt. the 24-3-1950. P-139.

2. Letter No.G.108, dt. the 31-3-50, from the S.E., Kar. Irrgn. Circle and the two letters, dt. the 4-4-50, from the S.E., Southern Circle:- For the reasons mentioned in his letter P-147, within, the S.E., Kar. Irrgn. Circle, has made the following proposals :- PP 151-153

This may be approved by 13/4/50

File 201/43/23089 P-31 (Flap A)

(i) The transfer of the Distributory and Designs Sub-Dn. from the Ghataprabha L.B.Canal Dn. to the Irrn. Project Dn. (South), - vide G.L.No.201/48-E(III), dt. the 20-2-50., be held in abeyance.

(ii) The two new minor irrigation Sub-Dns., created in G.R.No.444/48, dt. the 24-3-50, under the Irrgn. Projects Dn. (South), may be attached to other Dns. as indicated below :- P-139.

(a) Belgaum Irrgn. Projects Sub-Dn. - Belgaum Dn. (S.C).

(b) Haliyal Irrgn. Sub-Dn. Dharwar Irrgn.Dn. (Kar. Irrgn.C.)

These proposals are only of a tempy. nature to enable the Ex.Engr., Irrgn. Projects Dn.(South), to concentrate on the Dam Projects in his charge.

3. The S.E.,S.C., supports the proposals and agrees to take over the new Belgaum Irrgn. Projects Sub-Dn. under the Belgaum Dn. He also reports in his letter No.G.108/3, P-153

dated the 4-4-50, that the new Sub-Dn. is being opened immediately in anticipation of Govt. approval, with Shri M. C. Krishnappa, who was officiating as a Dy. Engr. in the defunct Minor Irrgn. Dn. at Belgaum, in charge, as Offg. Dy. Engr.

p-151

4. In this con., the S.E.,S.C., has made the following requests :-

(i) A post of P. A. and an addl. post of Dnl. Accountant may be sanctioned for the Belgaum Dimn., as it has now become a very heavy charge.

(ii) His action mentioned in para. 3 above may be appd.

The S.E. also requests that the post of P.A. is required immediately.

p-149

5. Letter No.G.108, dt. the 3-4-50, from the S.E.,S.C.:-

p-117a

With ref. to the orders issued in the G.R.,No.444/48, dt. the 24-3-50, transferring certain Sub-Dns. to the proposed Dharwar Irrgn. Dn., the S.E.proposes that all V.W.S.Works be also transferred along with the minor irrgn. works, to those Sub-Dns. However, the V.W.S. Works in the Haliyal area are proposed to be retained with the existing Haliyal Sub-Dn. under the Kanara Dimn., instead of transferring them to the new Haliyal Irrgn. Sub-Dn. under the Dharwar Irrgn. Dn.

The above proposals may perhaps be appd.

6. If the proposals in paras. 2,3 and 4 above are appd., these pps. may be ref. U.O. to the F.D. for concurrence. The period of sanction for the addnl. posts mentioned in para. 4 may be upto the 28-2-51 or till the Belgaum Irrgn. Projects Sub-Dn. is

transferred...

7. The cost is debitable to the head "50-C.W.-Provl - Establishment - Grd". The annual average expenditure on account of the additional posts of one P.A. & one Divisional Accountant works out to Rs 7,812 (exclusive of allowances) approximately. As the cost exceeds Rs 5,000/- per annum & it is of a recurring nature, the F.A's appl to the abld — of these two additional posts ~~was~~ is necessary. If it is decided to sanction these posts with immediate effect, the F.A's appl. in the matter may be anticipated in view consultation with the F.D. The necy supplementary demand will be obtained by this Deptt in due course while obtaining the supplementary demand for the Dy & four sub-divisions / certain posts sanctioned in GR No 444/48, & the 24/3/50. The F.D. will, however please advise whether the expenditure on account of the establishment sanctioned in that GR & establishment which is now proposed to be sanctioned is correctly classified under "50-C.W." or not.

Accountant for the Belgaum Dn and

~~and~~ P A (viz Dy Engr) under the Ex. Engr

of that Dn, may be examined further

in the light of my remarks in para 2 below

(i) Hubligi Irrigation Subdn may be attached to the Dharwar Irrign Dn, instead of to 'Irrigation Project Dn (South) as ordered in G.R (P.W.D) No. 444/48 dated the 24 3/50 P-139

(ii) Belgaum Irrigation Project Subdn should be attached to Belgaum Dn instead of to the Irrigation Project Dn (South) as ordered in G.R (P.W.D) No. 444/48 dt the 24 3/50 P-139

(iii) Village water supply works being handled by the Sirsi, Kalghatgi and Havashbhai and Haveli Subdns may be transferred to Dharwar Irrigation Dn, along with the Minor Irrigation works.

2) I believe that there is a post of a P.A sanctioned for Dharwar Dn since the work in that Dn will now considerably decrease as a result of

151

The transfer of minor irrigation works to the new Dharwar Irrign Dn. it should be possible to reduce the P.A's post from Dharwar Dn and transfer it to Belgaum Dn. The S.E. S.C may be requested to ~~one~~ consider this possibility and report.

Territorial Changes.

Creation of the Dharwar Irrigation Division and Sub-Divisions.

GOVERNMENT OF BOMBAY.

PUBLIC WORKS DEPARTMENT.

Resolution No. 444/48.

Bombay Castle (Bombay No. 1), 24th March 1950.

Read letter No. G. 108/1, dated the 14th November 1949, from the Superintending Engineer, Southern Circle.

Read letter No. G. 108, dated the 25th January 1950, from the Superintending Engineer, Southern Circle.

RESOLUTION.—In view of the urgent necessity of repairing minor irrigation tanks in the Dharwar-Belgaum-Kanara districts, Government is pleased to sanction in the Karnatak Irrigation Circle, the creation of a new Divisional charge, known as the "Dharwar Irrigation Division", and four Sub-Divisions as detailed below up to the 28th February 1951, in the first instance :—

Name of Charge.	Headquarters.
Dharwar Irrigation Division	Dharwar.
Dharwar Irrigation Project Sub-Division... ...	Dharwar.
Dharwar Irrigation Sub-Division	Dharwar.
Haliyal Irrigation Sub-Division	Haliyal.
Belgaum Irrigation Project Sub-Division... ...	Belgaum.

2. Sanction is also accorded to the creation of the necessary temporary posts as detailed in the accompanying statement "A" * for a period up to the 28th February 1951, in the first instance.

3. The Sub-Divisional charges under the newly created Dharwar Irrigation Division and the existing Irrigation Projects Division (South) should be as shown below :—

Dharwar Irrigation Division.

(i) Dharwar Irrigation Project Sub-Division ... ... (New).
(ii) Dharwar Irrigation Sub-Division ... ... (New).
(iii) Hangal Sub-Division (By transfer from the Dharwar Division). (Existing).
(iv) Havasbhavi Sub-Division (By transfer from the Dharwar Division). (Existing).
(v) Kalghatgi Village Water Supply Sub-Division (By transfer from the Dharwar Division). (Existing).
(vi) Sirsi Village Water Supply Sub-Division (By transfer from the Kanara Division). (Existing).

Irrigation Project Division (South).

(i) Haliyal Irrigation Sub-Division ... ... (New).
(ii) Belgaum Irrigation Project Sub-Division ... ... (New).
(iii) Reconnaissance Irrigation Project Sub-Division ... (Existing).
(iv) Ghataprabha Right Bank Canal Sub-Division ... ... (Existing).
(v) Soil Research Sub-Division ... ... (Existing).
(vi) Malaprabha Sub-Division ... ... (Existing).

4. Orders regarding classification of expenditure on the staff sanctioned in this resolution will be issued hereafter.

*Printed as an accompaniment to this Resolution.

78

5. The surplus useful staff released from the now defunct Belgaum Minor Irrigation Division including Sub-Divisions under the Joint Director of Agriculture (Engineering) should be absorbed in suitable posts of the now Divisional and Sub-Divisional charges sanctioned in this Government Resolution.

By order of the Governor of Bombay,

G. V. BEDEKAR,
Secretary to Government.

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 20th May 1950.

To

The Secretary to Government,
Public Works Department,
Bombay-1.

Subject: Territorial changes:
Creation of the Dharwar Irrign. Division
and Sub-Divisions.

Wp-134-141

Reference: Para 4 of Government Resolution (P.W.D.) No.444/48 dated the 24th March 1950.

2. I would request Government orders regarding the classification of expenditure on the staff sanctioned in the Government Resolution referred to above, as early as possible. In the meanwhile, the Executive Engineer, Dharwar Irrigation Division reports that he is debiting the expenditure on Establishment, except that on Irrigation Revenue Establishment, to the head '50 Civil Works' that for the latter being classifiable under the head 'XVII Irrigationetc.' in anticipation of Government sanction, which may kindly be approved.

Superintending Engineer, K.I.C.

To

The Secretary to Government,
Public Works Department,
B O M B A Y 1.

No.G-108./12

Public Works Department,
BELGAUM: 325 J u n e 1950.

Subject: Additional establishment for the Belgaum Division.

Reference: Govt. P.W.D. Letter No.444/48-E(III) of 28th April 1950.

Inspite of the transfer of the three Sub-Divisio from the Dharwar Division to the newly opened Dharwar Irrigation Division, there still remain six Sub Divisions under the jurisdiction of Dharwar Division (R & B) with a heavy programme of construction of P.W.R. Roads & Buildings.

2. It may be added here that the posts of Personal Assistant and an additional Accountant were sanctione as far back as in 1941, when there were six Sub Divisions only, as at present, vide this office endorsement Nos. G-38 of 7-5-41 for sanctioning Personal Assistant and G-48 of 26-11-41 for sanctioni additional Accountant to the Executive Engineer, Dharwar Division - copies attached for ready referenc Since then, the work in the Dharwar Divisional Office is increased on account of the heavy programme of P.W.R. Roads & Buildings and the Village Water Supply Schemes etc., which is expected to continue also for a considerable period, atleast till the work in hand are completed, and hence these posts of Personal Assistant & Additional Accountant to the Executive Engineer, Dharwar Division are essentially required and may kindly be continued.

3. As for the necessity of Personal Assistant and additional Accountant to the Executive Engineer, Belgaum Division, it is needless to say that the posts are of immediate requirements in view of the fact that the Belgaum Division has under its control seven Sub-Divisions and although the Savantwadi Sub Division is transferred to the Ratnagiri Division, th newly opened Belgaum Irrigation Project Sub-Division with the heavy programme of irrigation projects opene since April 1950 vide G.L.,P.W.D. No.444/48-E(III), dated 21-4-1950 will materially add to the work of th Division. Besides this Division is managing a work shop in which the magnitude of work is equal to that of a Sub-Division and proposals for creating a - Mechanical Sub-Division have already been submitted. This question has been postponed by Government for 6 months more vide G.L.,P.W.D. No.444/48-E(III) of 25-4-1950. The work of the Divisional office will, however, remain the same. The Executive Engineer, Belgaum Division is, therefore, really overworked due to the ever increasing heavy work in the Division. Government may, therefore, kindly be approached to accord their sanction for the creation of the posts

of ....

of one Personal Assistant and an Additional Accountant for that Division at a very early date in the interest of greater efficiency and more satisfactory execution of works in that Division.

No.G-38 Public Works ...
Belgaum, 7th May 19

Copy forwarded, with compliments, to th
Secretary to Government, Public Works Depart
Bombay.

2. In view of the heavy programme of works of types-Irrigation, Roads and Buildings, Water Sup etc., having actually started all over the Dharw Division or are about to start in addition to th normal activities, as outlined in para 2 of the Executive Engineer's letter, the undersigned is satisfied that the Executive Engineer stands in urgent need of help of a Personal Assistant, with a view to relieve him of some part of his office work as the Division now consists of no less than six Sub-Divisions.

3. The request of the Executive Engineer for a Personal Assistant is therefore supported and it is requested that Government may be pleased to post an experienced Assistant or Deputy Engineer to this Circle for attachment to the Divisional office, Dharwar, as a Personal Assistant with the necessary powers, which will be delegated to him under G.R. No.3943-36, dated the 7th December 1940 by the Executive Engineer with the approval of this office.

4. Owing to shortage of B.S.E. Officers in this Circle, since six Sub-Divisional charges are being held by Overseers, it is not possible to meet the demand of the Executive Engineer from the existing cadre.

No. G-108 | 1

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 17 Octr. 1950.

To

The Secretary to Government,
Public Works Department,
Bombay-1.

Subject: Territorial changes:
Creation of the Dharwar Irrigation
Division and Sub-Divisions.

PKW-180

Reference: Government Resolution P.W.D.No.444/48 dated the 24th March 1950 and Government letter, P.W.D., No.1494/48-E(II) dated 12th July 1950.

2. While sanctioning the Sub-Divisions under the Dharwar Irrigation Division the following four existing Sub-Divisions were ordered to be transferred under the Dharwar Irrigation Division from the Dharwar ~~Irr~~ Division and the Kanara Division as per para 3 of the Government Resolution under reference.

1) Hangal Sub-Division(by transfer from the Dharwar Dn.)
2) Havasbhavi Sub-Divn.(-do- - -do-)
3) Kalghatgi V.W.S.Sub-Division (-do-)
4) Sirsi V.W.S.Sub-Division (-do- from Kanara Division

3. In order to have uniformity in nomenclature with the other three Sub-Divisions newly created viz.-

1) Dharwar Irrigation Project Sub-Division
2) Dharwar Irrigation Sub-Division.

3) Haliyal Irrigation Sub-Division

and as all the above seven Sub-Divisions are mainly entrusted with irrigation works in furtherance of Grow More Food Campaign, it is requested that Government may please be moved to change the nomenclature of the four Sub-Divisions transferred from the Dharwar Division and the Kanara Division as under:-

1) Hangal Irrigation Sub-Division
2) Ranibennur Irrigation Sub-Division (Headquarters of Havasbhavi Sub-Dn. having been moved to Ranibennur)
3) Kalghatgi Irrigation Sub-Division, and
4) Sirsi Irrigation Sub-Division.

Superintending Engineer, K. I. C.

Through: The Chief Engineer, Public Works Deptt., Bombay with compliments.

Copy forwarded with compliments to the Executive Engineer, Dharwar Irrigation Division, Dharwar, for information with reference to his letter No.G-108 dated the 12th May 1950.

Territorial Changes.

Creation of the Dharwar Irrigation Division and Sub-Divisions.

GOVERNMENT OF BOMBAY.
Public Works Department.
Resolution No.444/48.
Bombay Castle (Bombay No.1),
24th March 1950.

Read Letter No. G.108/1, dated the 14th November 1949, from the Superintending Engineer, Southern Circle.

Read letter No. G.108, dated the 25th January 1950, from the Superintending Engineer, Southern Circle.

RESOLUTION :- In view of the urgent necessity of repairing minor irrigation tanks in the Dharwar-Belgaum-Kanara districts, Government is pleased to sanction in the Karnatak Irrigation Circle, the creation of a new Divisiona charge, known as the "Dharwar Irrigation Division", and four Sub-Divisions as detailed below up to the 28th February 1951, in the first instance :-

Name of Charge	Head quarters.
Dharwar Irrigation Division.	Dharwar.
Dharwar Irrigation Project Sub-Division.	Dharwar.
Dharwar Irrigation Sub-Division.	Dharwar.
Haliyal Irrigation Sub-Division.	Haliyal.
Belgaum Irrigation Project Sub-Division.	Belgaum.

2. Sanction is also accorded to the creation of the necessary temporary posts as detailed in the accompanying statement* 'A' for a period up to the 28th February 1951, in the first instance.

* To be printed as an accompaniment.

3. The Sub-Divisional charges under the newly created Dharwar Irrigation Division and the existing Irrigation Projects Division (South) should be as shown below :-

Dharwar Irrigation Division.

(i) Dharwar Irrigation Project Sub-Division. (New).
(ii) Dharwar Irrigation Sub-Division. (New).
